WHO WE ARE

# One partner. Four essential supply divisions.

Fika Plus Investment is a multi-division supply company built around a simple idea: organisations should be able to source the products they need from a partner who understands how they will be used.

Our four divisions serve education, healthcare and laboratory, mining and printing environments. Each has its own product focus, supported by a shared commitment to careful sourcing, clear communication and accountable delivery.

We work with schools, training institutions, clinics, laboratories, mining operations and businesses that value practical solutions over sales pressure.

### Our mission

To supply dependable, fit-for-purpose products and equipment that help our clients operate safely, teach effectively and deliver their work with confidence.

### Our vision

To be the trusted supply partner of choice across our four business divisions, recognised for reliability, integrity and thoughtful service.

OUR VALUES

### Reliability

We do what we say we will do, with clear timelines and consistent follow-through.

### Integrity

We recommend what is right for the client, not simply what is easiest to supply.

### Quality

We source products that are appropriate for the environment in which they will be used.

### Partnership

We build long-term relationships by understanding how our clients actually work.

WHAT WE SUPPLY

# Specialist catalogues, one accountable team.

01 / STEM

### STEM Tools & Educational Equipment

Robotics kits, electronics learning sets, science equipment, engineering tools and educational ICT for practical, engaging learning.

02 / MEDICAL

### Medical & Laboratory Supplies

Medical equipment, diagnostic instruments, laboratory apparatus, reagents and consumables for care, analysis and research.

03 / MINING

### Mining Supplies

Personal protective equipment, industrial tools, drilling accessories, safety equipment and site consumables for demanding operations.

04 / PRINTING

### Printing Solutions

Printing machines, materials, paper products, stationery, accessories and branded materials for professional output.

HOW WE WORK

01 **Understand the requirement**

We start with the context: the environment, the people using the equipment and the outcome you need to achieve.

02 **Source with purpose**

We match the specification to appropriate products, confirm availability and provide a clear, itemised quotation.

03 **Deliver and support**

We coordinate delivery, keep you informed and remain available for follow-up questions or future requirements.

START A CONVERSATION

# Let's discuss your next supply requirement.

Share your specification, product list or project brief. Our team will respond with a clear, itemised quotation and a practical next step.
